

Electronic Commerce means buying and selling of goods and services across the internet. An e-commerce site can be as simple as a catalog page with a phone no, or it can range all the way to a real time credit and processing site where customer can purchase downloadable goods and receive them on the spot.

E-Business is the creation of new, and the redesigning of existing value chains and business processes through the application of information technology. Naturally, e-Business is more than e-commerce. It expands the scope of e-commerce to transform the company and the industry itself.
